## Tips:
- Take your time to register for the tests. Registration is often a frustrating process with many glitches, causing additional time necessary to complete.
- You will need a picture of yourself. Have a good picture of yourself from your shoulders up ready to go.
- Choose four colleges to send your scores to right when you register for the test. They will send your scores to four schools for free. However, you will have to pay to have the scores sent after the test is taken.
- Student-Athletes: If you are registered with the NCAA Eligibility Center, send your scores to them. The code for NCAA is 9999.
- Be sure to complete the section about your high school. If you do not list DCC as your high school, the school will not get your scores and they will not be added to your transcript.
